OPTIONAL OR COMPULSORY PREPAYMENT.

When a letter addressed to go by a route that requires prepayment is posted unpaid, and there is some other route where prepayment is not required, it is forwarded by that route; but if there be none, it is sent to the Returned Letter Office, to be sent back to the writer.

DISTANCE TO WHICH THE POSTAGE CARRIES THE LETTER, &c.

The letter a prefixed to any rate of postage shows that the postage there entered does not carry the letter from the place where it is posted in the United Kingdom entirely free to its place of destination, but that it is liable to an *additional* charge upon delivery.

TURKEY.

Letters for such places in *Turkey* and *Asia Minor* as have no Austrian Post Office, should be addressed to the care of an agent residing in the nearest port at which an Austrian Post Office has been established. For Austrian Post Offices in Turkey, see *British Postal Guide*.

It is recommended that any letters for *Erzeroum* and other parts of the interior of Armenia, or for Persia, be addressed to the care of some agent in Samsoun or Trebizond, to be forwarded to their destination.

The laws of Spain forbid the transmission by the post within that country of letters or other packets containing coin or watches, jewelry, or other articles of value which are liable to customs duties; and the circulation of coin, jewelry, and other articles of value in letters is also prohibited in Belgium and Italy. Any such packets, therefore, which may be forwarded in the mails to Spain or Belgium will not be delivered, but will be sent back. A similar prohibition, on *pain of forfeiture*, is placed upon the transmission of diamonds and other jewels to the *Turkish Empire*, and of money and jewelry to the republic of Costa Rica.

EXCEPTIONS REFERRED TO IN HEAD OF TABLE ON SUCCEEDING PAGE.

- I. Letters for Aden, Alexandria, Cairo, India, and Suez are sent by the first mail despatched by British Packet either *viâ* Brindisi or *viâ* Southampton, according to the route indicated by the postage.
- II. Letters for Borneo, Ceylon, China, Japan, Java, Labuan, Penang, Philippine Islands, and Singapore are sent by the first packet, whether *British* or *French*, according to the route indicated by the postage; and letters for Malta are sent by the first mail despatched, *viâ* Italy or *viâ* Southampton, if the *prepayment* does not *indicate* that they are to be sent by another route.
- III. Letters for Canada (if not registered) posted after the despatch of the mail by Canadian Packet on Thursday are forwarded *viâ* the United States on Saturday. Registered Letters, if not fully prepaid to be sent *viâ* the United States, are detained for despatch by the next Canadian Packet.
- IV. Letters for the Argentine Confederation, Brazil, Buenos Ayres, Guadeloupe, Martinique, and letters for Monte Video, Cuba, and Mexico, if prepaid, are sent in the mail *viâ* France, if that be the first mail despatched after the time of posting.
- V. Letters for Baden and Bavaria, if insufficiently paid for transmission *viâ* France, but sufficiently paid to be sent *viâ* Belgium, are forwarded by the latter route.
- VI. Letters for Switzerland are forwarded *viâ* France when that route is indicated by the amount of prepaid postage.

POSTAGE STAMPS, &c.

Prepayment of Inland Letters, &c., must be by Stamps.

RATES OF POSTAGE, &c.

*Inland Letters.**

1. The rate of postage to be prepaid on inland letters and parcels of all sorts, closed or open, is as follows:—

Not exceeding 1 oz.,	-	-	-	1d
"	1	"	to 2 oz.,	- 1½d
"	2	"	to 4 "	- 2d
"	4	"	to 6 "	- 2½d
"	6	"	to 8 "	- 3d
"	8	"	to 10 "	- 3½d
"	10	"	to 12 "	- 4d

A letter exceeding the weight of twelve ounces is liable to a postage of one penny for every ounce, beginning with the first ounce. A letter, for example, weighing between fourteen and fifteen ounces must be prepaid fifteenpence.

2. As a general rule, the postage, if not paid in advance, is double the foregoing; and if the payment in advance be insufficient, double the deficiency is charged. An inland letter, for example, weighing more than one ounce, and not exceeding two ounces, and prepaid one penny only, is on delivery charged double the deficiency of one halfpenny—viz., one penny, and so on. On redirected letters the charge for redirection is the same, whether prepaid or collected on delivery.

3. No letter may exceed the dimensions of one foot six inches in length, nine inches in width, and six inches in depth.

Colonial and Foreign Letters.

4. The rates of postage on letters to foreign countries and the colonies are entered in the Table of Colonial and Foreign Postage.

Addresses to the Queen and Petitions to Parliament.

5. Petitions and addresses to Her Majesty, forwarded direct, are exempt from postage; and such petitions and addresses, as also petitions to either House of Parliament, if sent to a member of either House, are likewise exempt, provided they do not weigh more than two pounds, and are without covers, or in covers open at the sides. No letter or other inclosure, however, must be inserted; and if one be found, such inclosure, unless it bear the proper number of postage stamps, will be charged as an unpaid letter.

Newspapers—(1) Inland.

6. By the "Post Office Act, 1870," the use of the Inland Revenue impressed stamp, denoting the stamp duty under which newspapers and other periodicals had been previously transmissible by post within the United Kingdom, was abolished, and a postage of one halfpenny was fixed for each transmission of any newspaper coming within the definition laid down in the Act.

* Inland letters are those which pass between places in the United Kingdom, including the Isle of Man, the Orkney, Shetland, Scilly, and Channel Islands. If the weight be exceeded to the smallest extent, even though the balance be merely turned, the letter becomes liable to a higher postage. The same rule applies to letters going abroad. To provide, therefore, for errors in scales, &c., it is well to allow a little margin, or to pay the postage of the next greater weight.

Inland newspapers are subject to the following regulations:—

§ 1. The publication must first have been accepted as a newspaper by the Postmaster-General, and have been placed on a register at the General Post Office, from which it is liable to be removed either through the non-renewal of the registration year by year, or in consequence of any change which may deprive it of the characteristics of a newspaper.

Registration for inland circulation includes the registration for transmission abroad.

§ 2. The newspaper must be printed and published in the United Kingdom, and in numbers at intervals of not more than seven days, and must be printed on a sheet or on sheets unstitched.

§ 3. The full title and date of publication must be printed on the top of the first page, and the whole or part of the title and the date of publication at the top of every subsequent page: this regulation applies to tables of contents and indices.

§ 4. A supplement must be unstitched, must in every case be published with the newspaper, and must have the title and date of publication printed at the top of every page, or, if it consists of engravings, prints, or lithographs, at the top of every sheet or side.

§ 5. For each newspaper, whether posted singly or in a packet, the postage, when prepaid, is one halfpenny; but a packet containing two or more registered newspapers is not chargeable with a higher rate of postage than would be chargeable on a book-packet of the same weight—viz., one halfpenny for every two ounces or fraction of two ounces.

§ 6. A newspaper posted unpaid, and a packet of newspapers posted either unpaid or insufficiently paid, will be treated as an unpaid or insufficiently paid book-packet of the same weight.

§ 7. The postage must be prepaid either by adhesive stamp, or by the use of stamped wrapper.

§ 8. No newspaper can be sent through the post a second time for the original postage; for each transmission a fresh postage must be prepaid, except that in the case of re-direction the amount chargeable may be collected on delivery.

§ 9. Every newspaper, or packet of newspapers, must be posted either without a cover, or in a cover open at both ends, and in such a manner as to admit of easy removal for examination. If this rule be infringed, the newspaper or packet will be treated as a letter.

§ 10. Every newspaper must be so folded as to admit of the title being readily inspected.

§ 11. A newspaper, whether posted singly or in a packet which contains any enclosure except the supplement or supplements belonging to it, will be charged as a letter; unless the enclosure be such as might be sent at the book-rate of postage, and the entire packet be sufficiently prepaid as a book-packet, in which case it may be allowed to pass.

§ 12. A newspaper which has any letter, or any communication of the nature of a letter written in it or upon its cover, will be charged as an unpaid, or insufficiently paid letter.

§ 13. No packet of newspapers must exceed fourteen pounds in weight, nor may it exceed 2 feet in length nor 1 foot in width or depth.

(2) Colonial and Foreign.

7. Under the powers given to the Postmaster-

General by the Post Office Act, 1870, the regulations relating to the registration of publications for transmission abroad as newspapers have been revised. The definition laid down in the Act in regard to newspapers which may be registered for transmission through the post in the United Kingdom is alike applicable to those which may be registered for transmission abroad, excepting that for foreign transmission a newspaper may be published at intervals of thirty-one days, and that it (but not its supplement) may be printed on sheets stitched together.

Newspapers going abroad are also subject to the following regulations.

§ 1. "Prices Current" and "Market Reports," but not private price lists, or trade catalogues, are admitted to the same privileges as newspapers for foreign transmission.

§ 2. Publications registered for transmission abroad must be posted within eight days from the date of publication, including the day of publication.

§ 3. The collected numbers issued during the month of a weekly, fortnightly, tri-monthly, &c., publication, will not be allowed to pass as a monthly publication.

§ 4. The postage must be prepaid with postage labels. The rates are shown in the Tables of Colonial and Foreign Postage.

§ 5. Publications not on the register at the General Post Office cannot be sent abroad at any rates lower than those applicable to Book Packets.

§ 6. Every Newspaper or Packet of Newspapers must be posted either without a cover, or in a cover open at both ends, and in such a manner as to admit of easy removal for examination.

§ 7. Every Newspaper must be so folded as to admit of the title being readily inspected.

§ 8. No packet of newspapers must exceed two feet in length, or one foot in width or depth.

§ 9. It is forbidden to introduce into Russia, through the post, political newspapers, even in covers open at the ends or sides; and the only means by which persons residing in Russia can obtain newspapers from the United Kingdom is by subscribing for them at one of the Russian Post Offices. This prohibition does not, however, extend to political newspapers, or any other publication, addressed to members of the royal family of Russia, the imperial ministers, or members of the Diplomatic Corps. The admission into Russia even of newspapers not of a political character is permitted only when they are addressed to the house of some established bookseller, to the higher schools, to the Imperial Public Library, or to the Academy of Sciences in Russia. Printed prices current, however, as well as printed circulars, in covers open at the ends or sides, are allowed to be addressed to any person residing in Russia.

§ 10. At the following rates of postage, book packets may be forwarded to the undermentioned British Colonies and Foreign Countries on the conditions of the Inland Book Post, with the exception shown on margin.

§ 12. No Newspaper, whether posted singly or in a packet, may contain any enclosure except the supplement or supplements belonging to it.

§ 13. There must be no writing or other mark on a newspaper sent abroad but the name and address of the person to whom it is sent, nor any thing on the cover but such name and address, the printed title of the publication, the printed name and address of the publisher or vendor who sends it, and words indicating the date on which the subscription to the newspaper will end.

PARLIAMENTARY PROCEEDINGS.

8. *Parliamentary proceedings circulated inland.*—*Postage.*—Printed proceedings of the Imperial Parliament, sent without covers, or in covers open at the ends, may circulate within the United Kingdom at the rate of one half-penny for every 2 oz. or fraction of that weight.

The words "Parliamentary Proceedings" must be written or printed on the cover of the packet, otherwise it is treated as an ordinary book packet.

Prepayment optional.—Prepayment, when the circulation is within the United Kingdom, is optional; and if it be made in part, the simple difference only is charged.

Parliamentary Proceedings, &c., sent abroad.—Parliamentary proceedings may be sent, under the Book Post privilege, to all the Colonies, and to those Foreign States between which and this country there is a book post.

Book Post—(1) Inland.

9. A book packet may contain not only books, paper, or other substance in ordinary use for writing or printing, whether plain or written or printed upon (to the exclusion of any written letter or communication of the nature of a letter), photographs when not on glass or in frames containing glass or any like substance, and anything usually appertaining to such articles in the way of binding and mounting, or necessary for their safe transmission by post, but also *circulars*—*i.e.*, letters which appear from internal evidence to be intended for transmission in identical terms to several persons—when these are wholly or in great part printed, engraved, or lithographed.

§ 1. The postage is one half-penny for every 2 oz. or fraction of that weight.*

§ 2. The postage must be prepaid either by adhesive stamps, or by means of a stamped wrapper, or by combination of the two.

§ 3. A packet posted wholly unpaid will be charged with double the book postage, and if posted partially prepaid, with double the deficiency.

§ 4. Every book packet must be posted either without a cover, or in a cover open at both ends and in such a manner as to admit of the contents being

easily withdrawn for examination; otherwise it will be treated as a letter.

§ 5. A book packet may not contain any letter, or communication of the nature of a letter (whether separate or otherwise) not being a circular letter, or not wholly printed, nor any enclosure sealed, or in any way closed against inspection, nor any other enclosure not allowed by Section 11. (Entries, however, merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter.) If this rule be infringed, the entire packet will be charged as a letter.

§ 6. No book packet may exceed 5 lbs. in weight, or 1 foot 6 inches in length, 9 inches in width, and 6 in depth.

§ 7. The main business of the Post Office being the transmission of letters, the forwarding of books and newspapers, though an important, is only a secondary object, for which no arrangement can be made which would interfere with the quick and regular conveyance and delivery of letters. Books, therefore, which would be injured by being thrust into a bag and hurriedly pressed down like a bundle of letters, should not be sent through the Post.

§ 8. To prevent obstacles to the regular transmission or delivery of letters, a head-postmaster may, when necessary, keep back book packets until the next despatch or delivery.

Colonial and Foreign.

For information respecting rates of postage and regulations applying to book packets for places abroad, see the Tables of Colonial and Foreign Postage.

Colonial and Foreign Pattern and Sample Post.

10. There is a Pattern and Sample Post to such colonies and foreign countries as are marked in the Table of Colonial and Foreign Postage with the letter "P;" but it is restricted to *bonâ fide trade patterns or samples of merchandise*. Goods sent for sale, or in execution of an order (however small the quantity may be), or any articles sent by one private individual to another which are not actually patterns or samples, are not admissible.

§ 1. The postage must be prepaid either by adhesive stamps or by means of a stamped wrapper, or by a combination of both.

§ 2. Patterns or Samples, when practicable, must be sent in covers open at the ends, and in such a manner as to be easy of examination.* But samples of seeds, drugs, and such like articles, which cannot be sent in covers of this kind—but such articles only—may be posted inclosed in boxes or in bags of linen, or other material, fastened in such a manner that they may be readily opened; or in the cases of samples of seeds, &c., for the United States of America, Holland and its possessions, Belgium, Denmark, Greece, Portugal and its possessions, and Switzerland, in bags entirely closed, provided such closed bags are transparent, so as to enable the officers of the Post Office readily to satisfy themselves as to the nature of the contents.

§ 3. There must be no writing or printing upon or in any packet except the address of the person for whom it is intended, the address of the sender, a

* If the weight be exceeded to the smallest extent, even though the balance be merely turned, the book or printed paper becomes liable to a higher postage. To provide therefore for errors in scales, &c., it is well to allow a little margin, or to pay the postage of the next greater weight. It should be remembered that a newspaper when wet weighs more than when dry. Forgetfulness on this point sometimes causes groundless complaints about charges for newspapers; the complainant having erroneously supposed, on weighing the newspaper on its arrival, and when it had had time to dry, that he had been overcharged. The foregoing observations apply also to books, &c., sent abroad.

* In order to secure the return of book packets which cannot be delivered, the names and addresses of the senders should be printed or written outside: thus. From
of

trade mark or number, and the price of the articles.

§ 4. The limit of weight is not the same to all countries. For particulars, see foot note at pages 5 to 15.

§ 5. A packet of patterns or samples sent to Portugal, Madeira, the Azores, Cape de Verds, France, or to Turkey, Syria, or Egypt, by French packet, must not exceed 18 inches in length, width, or depth; a packet to any other place abroad must not exceed 24 inches in length, or 12 inches in breadth or depth.

§ 6. Samples of intrinsic value must not be sent to foreign countries except the United States; and, in the case of France, samples of eider down, raw or thread silk, woollen or goats' hair thread, vanilla, saffron, carmine, or isinglass, are considered to fall under this rule, if they weigh more than three ounces. Raw and spun silk, as well as coloured and twisted silk, may be sent to the North German Confederation up to the weight of three ounces.

§ 7. Such articles as scissors, knives, razors, forks, steel pens, nails, keys, watch machinery, metal tubing, pieces of metal or ore, provided that they be packed and guarded in so secure a manner as to afford complete protection to the contents of the mail bags and the officers of the Post Office, while at the same time they may be easily examined, may be sent as samples to the following countries, but to those alone, viz., the United States of America, Germany, Belgium, Holland, Denmark, Sweden, Norway, Turkey, Moldavia, Wallachia, Portugal, Madeira, the Azores, Cape de Verds, Switzerland, and the British Colonies, and not to these places when addressed "via France." Indigo cannot be sent to any place abroad.

POST CARDS.

Post cards which bear a halfpenny impressed stamp are available for transmission between places in the United Kingdom only.

The front (or stamped) side is intended for the address only. There must be nothing else written, printed, or otherwise impressed on it, nor must there be any writing or printing across the stamp. On the reverse side, any communication, whether of the nature of a letter or otherwise, may be written or printed; but such communication must not extend to the front side. Nothing whatever may be attached; nor may the card be folded, cut, or otherwise altered. If any of these conditions be infringed the card will be charged 1d. on delivery.

No card other than one of those issued by the government will pass under a halfpenny stamp if it bear on it a *written* communication of the nature of a letter.

It is forbidden to forward by post any *card* having thereon any words, marks, or designs of an indecent, obscene, libellous, or grossly offensive character. Any card posted contrary to this prohibition will be stopped and sent up to the Returned Letter Office, Edinburgh.

POSTAGE STAMPS.

1. *Postage stamps must be kept for sale.*—Every Head-postmaster is required to keep for sale to the public a sufficient stock of halfpenny post cards, of the various postage labels in use, and of envelopes

with the penny stamp embossed. The labels are of the respective values of $\frac{1}{2}$ d., 1d., $1\frac{1}{2}$ d., 2d., 3d., 4d., 6d., 9d., 10d., 1s., 2s., 5s.

2. *Embossed Penny Envelopes* are of four sizes, viz., $5\frac{1}{4}$ inches by $3\frac{3}{8}$ inches, $5\frac{1}{4}$ inches by 3 inches, $4\frac{3}{4}$ inches by $2\frac{3}{4}$ inches, 4 inches by $2\frac{1}{2}$ inches, and are sold at the following rates:—

	<i>s.</i>	<i>d.</i>
1	0	$11\frac{1}{4}$
2	0	$21\frac{1}{4}$
3	0	$31\frac{1}{4}$

6	0	$61\frac{1}{4}$
8	0	$81\frac{3}{4}$

Head-postmasters are also required to keep newspaper wrappers bearing an impressed halfpenny stamp of three different sizes, and to sell them at the following prices:—

	<i>s.</i>	<i>d.</i>
400	17	10

3. *Stamps.*—Prepayment of inland letters, &c., must be by labels or embossed stamps. British postage stamps are not, as a general rule, available for letters coming into the country. Letters to the colonies and foreign countries may be prepaid in money.

4. By using embossed envelopes all risk of the stamp being detached may be avoided; but when labels are used, they should be examined to see that they firmly adhere, since if they fall off, the letters, &c., will be charged with postage, which, in the case of inland letters, is double the prepaid rate; while, as respects many letters addressed to many places abroad, the transmission will be altogether stopped.

5. The labels should be placed on the front of the letter, and upon the right-hand corner of the upperside. On re-directed letters, however, care should be taken not to place fresh stamps over the stamps which had been previously used. Postage stamps which have been torn, cut, or otherwise rendered imperfect; embossed or impressed stamps cut out from the envelope, card, or wrapper on which stamps were embossed or impressed—even though the stamps have not been previously used or sent by post; and receipt, or other Inland Revenue stamps, *cannot* be used for payment of postage.

REGISTRATION.

1. By the prepayment of a fee of fourpence, any letter, newspaper, book, or other packet, may be registered to any place in the United Kingdom or the British Colonies. Registered letters must be prepaid as regards both postage and registration fee; in the case of inland letters, such prepayment must be by stamps, but in the case of foreign letters it may be either in money or in stamps. Official letters for Government offices in London, Edinburgh, or Dublin, may be registered on prepayment in stamps of the registration fee only.

2. The registration of a packet makes its transmission much more secure. The loss of a registered packet is a very rare occurrence. Nevertheless, by Act of Parliament, the Post Office is not responsible for the safe delivery of registered packets, though any officer who may neglect his duty on this point will be called to strict account. Sent in *unregistered* letters, valuable articles are exposed to risk, and offer a temptation which ought not to be created, and the department cannot in any way undertake the safe conveyance of such packets. All inland or colonial letters, therefore, which unquestionably contain coin, even though they be posted without registration, are *treated as registered*, and charged on delivery with a double registration fee of *eightpence*, in addition to the ordinary postage; and any such letters which cannot be registered in time to be forwarded by the mail for which they are posted are detained for the next despatch.

3. Every letter to be registered should be presented at the window, and a receipt obtained for it, and on no account be dropped into the letter-box. If, contrary to this rule, a letter marked "Registered" be dropped into the letter-box, it will, *if directed to any place in the United Kingdom or the British Colonies*, be liable to a registration fee of eightpence, instead of the ordinary fee of fourpence. A registered letter, if reposted as an ordinary letter, with the word, "Registered" un erased or erased in pencil only, will also be liable to a registration fee of *eightpence*.

4. *Time of Posting*.—The time for posting registered letters at Glasgow is half an hour before the closing of the mail by which they are to be despatched. For a *late fee of 4d.* they are taken until the expiration of that half hour.

5. No Letter Carrier, Rural Messenger, or other servant of the Post Office is allowed to carry a letter for *any person to be registered*.

6. *Registration of Letters addressed to Foreign Countries*.—The fee chargeable for registering a letter, in addition to the ordinary postage, *both of which must be prepaid*, will be found against each

country or place in the table of Colonial and Foreign Postage. Letters newspapers, books, and patterns, may be registered to any place in the British colonies, the United States of America, Italy, Switzerland, and Germany (via Belgium), also (when sent in closed mails) to the British Post Offices in Egypt and Constantinople; but to other Foreign Countries only letters and packets prepaid at the letter rates can be registered. To some countries there is no arrangement whatever for registration.

7. Where the prefix "in" is made use of in the column of fees in the table of Colonial and Foreign Postage, the letter can be registered only to the port of arrival; it being left in those cases to the postal authorities of the country to which that port belongs to continue the registration if they think proper. Where the word "none" appears, no registration can be effected.

8. *France and Countries through France*.—The registration fee upon letters addressed to France, or countries through France (exclusive of those sent in the closed mails to India, Hong-Kong, Ceylon, Mauritius, Australia, Gibraltar, *via* France, Malta, Constantinople, Austria, Portugal, Spain, or Italy), is not a fixed sum, but is in all cases equal to the postage.

9. Letters for passengers on board the Cunard and Inman Packets for America, touching at Queens-town, or on board the Mediterranean Packets about to sail from Southampton with the mails for India, Australia, China, &c., may be posted in any part of the United Kingdom up to the time at which ordinary registered letters for America, &c., are received, provided they be prepaid and registered, and addressed to *the care of the Commander of the Packet*.

10. Letters for passengers on board the Canadian Packets, touching at Londonderry, may under similar conditions be posted up to the same time as ordinary registered letters for Canada. These must be addressed to the care of the officer in charge of the mail.

11. The letters should be addressed thus, "Mr. _____, on board the mail packet for _____, at Queenstown (Londonderry or Southampton), care of the commander of the packet," or "care of the officer in charge of the mail," as the case may be.

Letters addressed to the care of the packet agent at Suez, and despatched by the mail *via* Brindisi, which follows the mail *via* Southampton, will probably reach passengers for India, &c., who have sailed in the packet from Southampton.

Letters by Private Ships.

12. Letters cannot be sent unpaid to the countries marked thus in Table (*). The postage for letters weighing more than half ounce progresses in the same manner as that for letters sent by mail packets. Unpaid letters inward are charged the same rates as unpaid letters outward.

Book packets and packets of patterns may be sent by private ship, at the packet rates of postage, to all places where they can be forwarded by mail packet.

Newspapers by private ships to the Azores, Cape de Verdes, Madeira, Norway, and Portugal, must be prepaid 2d. each, and to all other places 1d. each.

Letters intended to be sent by private ship must be addressed "By private ship;" and if by a particular vessel, the name of the ship must be added.

The postage of a letter by private ship is as follows:—

Parliamentary Notices.

13. Parliamentary notices may be forwarded through the post under the following regulations:—

§ 1. The words "Parliamentary notice" must be legibly printed on the face of the letter; and in order to secure the speedy return of any notices which may be undelivered, the name and address of the solicitor issuing such parliamentary notice should also be legibly printed or written on the face of the letter, though this is not imperative.

§ 2. These notices must be posted either at the General Post Office, St. Martin's-le-Grand, in London; the General Post Office in Dublin; the General Post Office in Edinburgh; or at the chief office at one or other of the following towns:—

Aberdeen,	Inverness,
Athlone,	Leeds,
Belfast,	Lincoln,
Birmingham,	Liverpool,
Bristol,	Manchester,
Cork,	Newcastle-upon-Tyne,
Exeter,	Norwich,
Glasgow,	Shrewsbury.

§ 3. All notices which, by the standing orders of either House of Parliament, are required to be served on or before the 15th December, must be posted not later than the 12th December, unless

the 12th fall on a Sunday, when they must be posted not later than the 11th; but those notices which, by the same orders, may be served after the 15th, may be posted after the 12th of that month.

§ 4. The postage chargeable on these notices and the registration fee of sixpence on each must be prepaid by stamps.

§ 5. The notices must be posted at the Post Office window, accompanied with duplicate lists of the addresses; the notices being arranged for the convenience of comparison in the order of the list. These lists will be examined by the officer in attendance at the window, and if they correspond with the addresses, he will sign and stamp every sheet of each list. One of the duplicate lists will then be returned to the person who brought the letters, and the other forwarded to the Secretary, General Post Office, London.

14. *Time for Posting Parliamentary Notices.*—The hours for receiving such notices are the same as those for the registry of ordinary letters, unless they be presented at such a time as to interfere with the other duties of the office, in which case the Postmaster may appoint any other time within the next twenty-four hours for receiving the same; provided that, when the notices are to be served on or before the 15th December, such arrangement do not delay the posting beyond the 12th. Re-directed parliamentary notices are liable to an additional rate of postage, like letters.

15. The senders of parliamentary notices should, if possible, arrange on the previous day with the Postmaster as to the most convenient time for posting them, and state the probable number.

16. Notices relating to votes for members of Parliament belonging to any of the classes enumerated in the Acts 6 Vict. c. 18, and 13 and 14 Vict. c. 69, can also be sent through the post (with the securities for their safe delivery enjoined by the Acts), on prepayment in stamps of the postage, whether inland or foreign, as the case may be, and of a registration fee of twopence, provided they be presented duly directed, open, and in duplicate, to the Postmaster of an office which is also a Money Order Office and Post-office Savings Bank. On receiving the notices, the Postmaster will compare each with its duplicate, and if the two agree, the latter will be stamped and returned to the bearer. The production by the person who posted such notice of such stamped duplicate is evidence of the notice having been given to the person at the place mentioned, on the day on which such notice would in the ordinary course of post have been delivered there. The notices must be presented at least half an hour before the fixed time for posting ordinary letters. They are liable to the usual charge for re-direction.

17. *Poll Books.*—When a poll-book is presented by any returning officer to be forwarded by post, the Postmaster is required to give to such officer an acknowledgment thereof in writing, stating the time when he received it.

18. No registration fee is demanded for poll-books, and prepayment of the postage is optional, without regard to weight or size.

DELIVERY.

1. Letter Carriers and Rural Messengers are prohibited from distributing any letters, newspapers, &c.,

whether before beginning their rounds, whilst on their rounds, or after they have completed them, except such as have passed through a Post Office. Neither are they allowed to receive any payment beyond the postage for the delivery or collection of any letter or newspaper, nor to deviate from the route laid down for them. The prohibition, however, from receiving payment in addition to the postage does not extend to Christmas gratuities.

2. *Delivery at Window.*—No person living within the town free delivery, or within the limits of a Rural Post free delivery, unless he rent a private box, can claim to have his letters delivered at the Office window.

3. In order to prevent the additional trouble which is sometimes caused by letters being directed to the Post Office, for persons residing within the free delivery, but who have no private box, the officers of the Post Office are authorized, when such letters arrive, to refuse to deliver them at the window (even though initials may be substituted for the name), and to send them out by the Letter Carriers.

4. *Private Boxes.*—Any person can have a private box who is willing to pay the appointed fee, which is fixed at one guinea per annum to be paid in advance, and for a period of not less than a year.

GENERAL REGULATIONS.

1. When, owing to a great and unusual influx of letters, books, &c., the transmission or delivery of the letters would be delayed if the whole mail were dealt with without distinction, book packets and Post Cards may be kept back until the next despatch or delivery.

2. It is forbidden to forward by post any indecent or obscene print, painting, photograph, lithograph, engraving, book or card, or any other indecent or obscene article, or any letter, newspaper, publication, packet, or card having thereon any words, marks, or designs of an indecent, obscene, libellous, or grossly offensive character. Anything posted contrary to this prohibition will be stopped and sent up to the Returned Letter Office, London.

3. Postmasters are instructed not to receive any letters which there is good reason to believe contains anything likely to injure the contents of the mail bag or the person of any officer of the Post Office. If such a packet be posted without the Postmaster's knowledge, or if at any time before its despatch he should discover any such packet, he is directed not to forward it, but to report the case, with the address of the packet, to the Secretary. The following are examples of the articles referred to:—A glass bottle, or glass in any form; razors, scissors, needles, knives, forks, or other sharp instruments; leeches, game, fish, meat, fruit, or vegetables; bladders or other vessels containing liquids; gunpowder, lucifer matches, or anything which is explosive or liable to sudden combustion.

MISCELLANEOUS REGULATIONS.

1. The Post Office is not responsible for any injury which books or other articles forwarded by post may sustain, and the public therefore should not employ the Post Office for the conveyance of anything likely to suffer injury, unless such thing be sufficiently protected; neither is it responsible for any loss or inconvenience which may arise from the

mis-sending, mis-delivery, loss, &c., of a letter or any other postal packet.

2. *Limit to Size of Letters, &c.*—With the following exceptions, no inland or foreign letter, &c., can be forwarded by the post which is more than one foot six inches in length, nine inches in width, and six inches in depth. The exceptions are—

§ 1. Packets to or from any of the Government offices or departments, or public officers.

§ 2. Petitions or addresses to the Queen, whether directed to her Majesty, or forwarded to any member of either House of Parliament.

§ 3. Petitions to either House of Parliament, forwarded to any member of either House.

§ 4. Printed Parliamentary proceedings.

3. *Official Information.*—No information can be given respecting letters which pass through a Post Office, except to the persons to whom they are addressed; and in no other way is official information of a private character allowed to be made public.

4. *Letters cannot be returned to Writers.*—Postmasters are not allowed to return any letter or other packet to the writer or sender, or to any one else, or to delay forwarding it to its destination according to the address, even though a request to such effect be written thereon.

5. Should a letter be forwarded under cover to any Postmaster, with a request that he will re-post it at his office, the letter, on being re-posted, will be endorsed with the words "posted at _____, under cover to the postmaster of _____."

6. *Re-directed Letters, &c.*—Every re-directed letter, or other postal packet, will be liable to an additional postage (at the prepaid rate).

7. A registered letter, when re-directed, is only liable to the same additional charge as an ordinary re-directed letter, and if re-posted, a second registration fee must be paid with it.

8. *Sunday.*—During the time the office is open on Sunday (viz., from eight to nine in the morning), the public are allowed to prepay foreign and colonial letters, to purchase postage stamps, and to have letters registered; and all other duties are performed as usual, except Money Order and Savings Bank business, which on that day is wholly suspended.

9. *Sacramental Fast Days.*—On the Sacramental Fast Days there is one delivery by Letter Carriers, commencing at 8.10 a.m., and letters are delivered to Private Box holders and to strangers, as on Sundays, for one hour after the office is opened at 8.10 a.m. The Letter Office is again opened for the sale of postage stamps and registration of letters, from 4 to 8 p.m.

10. Private box-holders have the option of applying for letters at the office while it is open for delivery on Sunday, or of abstaining from so doing as they may think proper; but no person can be permitted to engage a private box for Sunday only.

11. *Change and Bad Money.*—No Postmaster is bound to give change, or is authorized to demand change; and when money is paid at a Post Office, whether as change or otherwise, no question as to its right amount, goodness, or weight can be entertained after it has been removed from the counter.

12. *Postmasters not bound to Weigh Letters for Public.*—Except as regards foreign and colonial letters about to be prepaid in money, the officers of the Post Office are not bound to weigh any letters or

other packets for the public, though they may do so if their duty be not thereby impeded.

13. *Undelivered Letters.*—When the reason for the non-delivery of a letter, &c., is “Deceased,” the letter is sent, as soon as practicable, to the Returned Letter Office, as are all letters intended for ships which have sailed before the arrival of such letters at the port of departure. When the reason is “Refused,” the letter, if an inland one, is retained at the Post Office for one day only before being sent to the Returned Letter Office, unless the refusal be conditional, in which case the letter is kept for three days, as are all foreign or colonial letters when refused, and letters, whether inland or foreign, addressed to persons not known, or gone away. When the reason is “Not called for” (the letter being addressed to a Post Office), the packet is retained one month; except in the case of letters at seaports addressed to persons on board ships expected to arrive at such ports, which letters are kept three months.

14. *Penalties for sending Letters otherwise than through the Post.*—By the Act 1st Victoria, cap. 36, sect. 2, any person conveying otherwise than by the Post a letter not exempted from the exclusive privilege of the Postmaster-General, incurs a penalty of £5 for every letter, and £100 for every week the practice is continued. The sender also incurs a penalty of £5 for every letter, with full costs of suit.

15. *Exceptions from exclusive privilege of Post Office in conveyance of Letters.*—The following are the exceptions granted by the Act 1st Victoria, cap. 33, from the exclusive privilege of the Post Office in the conveyance of letters:—

§ 1. Letters sent by a private friend, so as such letters be delivered by such friend to the party to whom they shall be directed.

§ 2. Letters sent by a messenger on purpose, concerning the private affairs of the sender or receiver thereof; commissions or returns thereof, and affidavits and writs, process or proceedings or returns thereof, issuing out of a court of justice.

§ 3. Letters sent out of the United Kingdom by a private vessel (not being a packet boat).

§ 4. Letters of merchants, owners of vessels of merchandise, or of the cargo or loading therein, sent by such vessels of merchandise, or by any person employed by such owners for the carriage of such letters, according to their respective directions, and delivered to the respective persons to whom they shall be directed, without paying or receiving reward or profit for the same in anywise.

§ 5. Letters concerning goods or merchandise sent by common carriers, to be delivered with the goods which such letters concern, without hire or other advantage for receiving or delivering such letters.

§ 6. No person is authorized to make a *collection* of such excepted letters for the purpose of sending them in the manner above described.

§ 7. The following persons are expressly forbidden to carry a letter, or to receive or collect or deliver a letter, even though they shall not receive hire or reward for the same:—

§ 8. Common known carriers, their servants, or agents, except a letter concerning goods in their carts or waggons, or on their pack-horses; and owners, drivers, or guards of stage-coaches.

§ 9. Owners, masters, or commanders of ships, vessels, steamboats, or boats called or being passage or packet-boats, sailing or passing coastwise, or

otherwise between places within Great Britain or Ireland, or between, to, or from ports within her Majesty's dominions or territories out of the United Kingdom, or their servants or agents, except in respect of letters of merchants, owners of ships, or goods on board.

§ 10. Passengers or other persons on board any such ships, vessels, steamboat, passage or packet-boat.

§ 11. The owners of, or sailors or others on board a ship or boat passing on a river or navigable canal within the United Kingdom or other of her Majesty's dominions.

POST-OFFICE TELEGRAPHS.

Tariff.

1. The charge for the transmission of messages by telegraph throughout the United Kingdom is one shilling for the first twenty words, and threepence for each additional five words or part of five words. The names and addresses of the sender and receiver are not charged for.

2. Telegrams may be repeated at the request of the sender, if he desires to adopt this extra security against risk of error. The charge for repetition is one-half the ordinary tariff, fractions of threepence being reckoned as twopence.

3. The cost of a reply to a telegram may be prepaid, and a form of authority will in that case be delivered to the addressee, who will be at liberty to send his reply from any Postal Telegraph Station at any time within two months after the date of the original message.

4. It is particularly requested that the message may be written distinctly; numbers and fractions of numbers must be written in words, and will be charged for accordingly. For example, “365” should be written “Three hundred and sixty-five,” and “ $\frac{3}{8}$ ” should be written “three-eighths.”

Porterage.

5. If the sender requires the telegram to be forwarded by post or by train from the Terminal Station, he should write the words “By Post” or “By Train,” as the case may be, in the following space. If, however, no such instructions be given, it will be delivered according to circumstances in the following manner, viz.:—If the addressee resides within one mile of the Terminal Telegraph Office, or within the limits of the town postal delivery, the telegram will be delivered free. Beyond those limits, and if the whole distance to be traversed be under 3 miles, a charge of 6d. per mile counting from the delivery office will be charged; and if the distance be over 3 miles, the telegram will be delivered by horse express at the charge of 1s. per mile, except in the case of a telegram to Ireland, where the charge is 8d. a mile.

6. The department is not liable for losses incurred through the incorrect transmission, delay, or non-delivery of telegrams.

MONEY ORDERS.

1. *Application Forms.*—The public are recommended, when applying for Money Orders, to use printed “Application Forms,” which save time, and afford greater security than verbal messages against mistakes. These forms are supplied gratuitously at all Money Order Offices.

2. *Commission.*—The commission on Inland Money Orders is as follows:—

For sums under 10s.,	-	-	-	1d.
Above 10s. and under £1,	-	-	-	2d.
“ £1,	“	2,	-	3d.
“ 2,	“	3,	-	4d.
“ 3,	“	4,	-	5d.
“ 4,	“	5,	-	6d.
“ 5,	“	6,	-	7d.
“ 6,	“	7,	-	8d.
“ 8,	“	9,	-	10d.
“ 9,	“	10,	-	11d.
£10 Orders,	-	-	-	1s.

3. No order is allowed to contain a fractional part of a penny.

4. *Particulars Required.*—With the subjoined exceptions, no Money Order can be issued unless the applicant furnish, in full, the surname and at least the initial of one Christian name, both of the remitter (the person who sends the order) and the payee (the person to whom the money is to be paid), together with the remitter's address:—

§ 1. If the remitter or payee be a peer or a bishop, his ordinary title is sufficient; and the usual designation of a firm is sufficient, except in the case of a company trading under a title which does not consist of the name of the persons composing it, as the “Carron Company.”

§ 2. When the remitter notifies that the order is to be paid through a bank, it is left to his option to give or withhold the name of the payee.

5. When application is made for a Money Order payable in London, or at any other town where there is more than one Money Order Office, the remitter should say at which of such offices he wishes it to be paid, otherwise the order can be cashed at the Head Office alone.

6. *Orders cannot be Cancelled.*—An order once issued cannot be cancelled; and should repayment or transfer to a different office be required, the remitter or payee must apply to the paying Postmaster according to the directions printed on the back of the order.

7. The holder of a Money Order is always at liberty to direct, by crossing it, that the order be paid through a bank, even though its payment was not originally so restricted; and when the order is thus crossed, the questions put on the presentation of an ordinary Money Order is dispensed with.

8. Money Orders do not require a receipt stamp. When an Order is paid through a bank it is sufficient that it be receipted, without regard to any discrepancy between the signature and the name in the advice, and that it be crossed with the name of the bank, and presented by some person known to be in the employment of that bank.

9. *Lapsed and Void Orders.*—Payment of an order, issued and payable in the United Kingdom, or issued in the United Kingdom and payable in Belgium, Denmark, or North Germany, and Orders issued by those countries on the United Kingdom, must be obtained before the end of the second calendar month after that in which it was issued (for instance, if issued in January it must be paid before the end of March), otherwise the order becomes lapsed, and a new order is necessary, for which a second commission is charged. The period for payment of orders issued in the United Kingdom and payable at other places abroad, or in any colony authorized to transact Money Order business, includ-

ing Gibraltar and Malta, is six months, and orders granted at those places on the United Kingdom are also payable during six months after that in which they were issued. A person presenting a lapsed order is furnished with a copy of a printed notice headed “Lapsed Money Orders,” containing directions how to proceed. If the order be not paid before the end of the twelfth calendar month after that in which it was issued (for instance, if issued in January and not paid before the end of next January), all claim to the money is lost.

10. No application can be entertained for compensation for alleged injury from the non-payment of a Money Order at the expected time; and after once paying a Money Order, by whomsoever presented, the Office is not liable to any further claim.

11. Under no circumstance can payment of an order be demanded on the day of issue.

12. *Duplicate Orders, Transfers, Repayments, Alteration of Name, &c.*—In case of the miscarriage or loss of an inland Money Order, a duplicate is granted on a written application (with the necessary particulars, and inclosing the amount of a second commission in postage stamps) to the Comptroller of the Metropolitan Money Order Office, of that part of the United Kingdom where the original order was issued; and if it be desired to stop payment of an inland order, application, with a like enclosure of postage stamps, must be made at the office where the order is payable. If alteration in the name of the payee or remitter of an inland Money Order should be required, application must be made by the remitter to the Postmaster of the office at which the order was issued, and a second commission must be paid. Should transfer of payment of an inland order from one office to another in the United Kingdom, or repayment of the amount of an order, be required, an application inclosing the order must be made to the Postmaster at whose office the order is payable, who will transmit in exchange a new order payable at the place desired, but for a less sum than the original order by the amount of the second commission charged for the reissue. Proper printed forms for making application in all these cases may be obtained at any Money Order Office, and full instructions on the subject will be found printed at the back of the Money Order. Whenever, on complaint being made, it is found that the necessity for an application, entailing the payment of a fresh commission, is attributable to the Post Office, the charge will be remitted to the applicant.

COLONIES, AND OTHER PLACES ABROAD.

For Scale of Commission for Money Orders payable abroad, and other information, see list of Colonial and Foreign Post Towns, page 50.

POST OFFICE SAVINGS BANKS.

13. *Hours of Business.*—Every Post Office Savings Bank, which is also a Money-Order Office, is open for bank business during the same hours as for Money Orders.

14. *Amount of Deposits.*—Deposits of any amount, not less than one shilling and not including any pence, are received at any Post Office Savings Bank, provided those made by any separate depositor in any year ending on the 31st December do not increase the total amount of his deposits by more than £30,

and provided such total amount, exclusive of interest, is never more than £150. When any depositor's principal and interest amount together to £200, all interest will cease so long as the balance of the account continues to amount to the said sum of £200.

15. *Interest.*—Interest calculated yearly at the rate of £2 10s. per cent. per annum will be allowed on every complete pound deposited, reckoned from the first day of the calendar month next following the day on which a complete pound shall have been deposited or completed, up to the first day of the calendar month in which the moneys are withdrawn. The interest thus calculated will be at the rate of one halfpenny per calendar month for every complete pound. The interest will be reckoned to the 31st December in every year, and will then be added to the principal.

16. *Transfers of Deposits.*—A depositor in the Post Office Savings Bank may transfer his deposits to any other Savings Bank legally established; and on his written application, accompanied by his book, to the chief office of the Postmaster General, in a form to be obtained at any Post Office Savings Bank, he will be furnished with a certificate of the whole amount due to him, and his account with the Post Office Savings Bank will thereupon be closed. A depositor in any legally established Savings Bank may transfer his account to the Post Office Savings Bank, and may require from the trustees or managers of such bank a certificate, stating the amount due to him, and thereupon his account with such bank will be closed. The certificate may be delivered at any Post Office Savings Bank, and will be received as a deposit of the amount therein set forth, and on the certificate being forwarded to London, and verified by the National Debt Commissioners, an account for the amount thereof will be opened with the depositor, and an acknowledgment for the amount will be sent to him.

17. *Withdrawals of Deposits.*—Any depositor wishing to withdraw the whole or part of the sum deposited by him, must make application for the same to the General Post Office in London, in a form which may be obtained at any Post Office Savings Bank.

18. *Repayments.*—Repayments will be made only to the depositor in person, or to the bearer of an order under his hand, signed in the presence of either the minister of the parish in which the depositor resides, of a Justice of the Peace, or in case of sickness, of the medical attendant.

19. *Secrecy.*—The Officers of the Postmaster-General engaged in the receipt or payment of deposits will not disclose the name of any depositor, nor the amount deposited or withdrawn by him, except to the Postmaster-General, or to such of his officers as may be appointed to assist in carrying out the provisions of the Post Office Savings Bank Acts.

GOVERNMENT INSURANCES AND ANNUITIES.

20. The Postmaster-General is empowered under the Act 27 and 28 Vict. cap. 43, to insure the lives of persons of either sex between the ages of 16 and 60, for not less than £20 or more than £100. He is also empowered under the same Act to grant immediate or deferred annuities of not more than £50 on the lives of persons of either sex, and of the age of ten years and upwards.

The persons whose lives are insured or to whom annuities are granted by the Postmaster-General, have direct Government security for the payment of the money at the proper time.

The Post Office of Glasgow has been opened for the receipt of proposals for the insurance of lives and the purchase of annuities; and forms of proposal, with full instructions for filling up and delivering these forms, as well as every other necessary information, may be obtained on application.

MAILS FOR THE ORKNEY ISLANDS.

Mails to and from the Orkney Islands are conveyed daily (Sundays excepted) from Thurso at 9.40 a. m. and from Stromness to Thurso at 4.45 a. m.

MAILS FOR THE SHETLAND ISLANDS.

The mails for the Shetland Islands are despatched from Aberdeen every Friday evening, arriving at Lerwick on Sunday morning; returning from Lerwick to Aberdeen every Monday at 6 and 10 p. m. alternately.

LIST OF POST TOWNS AND SUB-OFFICES IN SCOTLAND.

It must be understood that the hours for closing the Letter Box are liable to alterations in the course of the current year, and, therefore, the Tables exhibited on the walls of the Post Office ought to be occasionally consulted.

With some exceptions, all Head Offices are Money Order Offices. All Offices at which Money Order business is transacted are marked thus, *m*.

When in the subjoined list one place only is mentioned, it is a Head Office, and when there are two, the first is a Sub-Office, and the second is the Head Office, to which the first is subordinate. It sometimes happens that there is a Money Order Office nearer the Sub-Office than is the Head Office; in these cases such Money Order Office is added as a third name, for the information of any persons who may wish to remit money to the neighbourhood.

The places marked thus, *t*, are Postal Telegraph Offices, and the system is being extended as rapidly as circumstances permit.

In order to prevent, as much as possible, chimneys taking fire, the Magistrates recommend to the inhabitants to get their chimneys swept every six weeks, and not to employ or admit to their houses, or to the roof thereof, any chimney-sweeper not having a badge, or who refuses to produce the same when demanded. The Magistrates also recommend to the inhabitants to keep the hatchway, or other access to the roof of their houses, properly secured, and not to intrust the key to any chimney-sweeper who has not a badge, in order to prevent theft and destruction to property.

The rates of Premium have been adjusted in accordance with a long experience, and bear equitably on all ages.

The Accumulated Premiums are over £1,650,000; and a statement showing how these are invested can be had.

The sum of over £5,119,600 has been paid during the existence of the Office for Claims under Life Policies, of which amount a very considerable part was for Bonuses.

The next BONUS Valuation will be made up to Christmas, 1874, and Policies then in force will participate therein in proportion to the time they may have been in force.

FIRE DEPARTMENT.

This Company undertakes the Assurance of almost every species of Property in the United Kingdom, at rates of Premium and upon principles which will be found quite as advantageous to the interests of the Assured as those offered by any other. The Directors can confidently refer to the well-known character of the Company for liberality and promptitude in the discharge of claims made upon it during the many years it has been established.

Mills, Manufactories, Distilleries, Warehouses, Stores, Ships Building, Ships in Harbour, Houses, Furniture, Stock-in-trade, &c., assured for the year, or any shorter period.

The Policies of this Company cover losses occasioned by the explosion of Gas. Losses occasioned by Lightning will also be paid.

The FIRE DUTY being wholly abolished, even the least Hazardous Property ought now in every case to be Assured, and existing Assurances can be increased without increasing the cost hitherto paid.

Tables of Rates, Forms of Proposal, and any information needful to effect Life or Fire Assurances, may be obtained on application to the Office, No. 92, Cheapside, London; or to any of the Company's Agents.

THE Association combines PERFECT SECURITY to the Assured, with careful SELECTION OF RISKS and LIBERAL and IMMEDIATE Participation in Profits. Its Business has been derived exclusively from the legitimate *Home* connexions of the Office, without amalgamation with any other Company.

THE FUNDS are securely INVESTED, and of ample AMOUNT.

THIS SOCIETY differs in its principles from any other Office. Instead of charging rates admittedly higher than are necessary, and afterwards returning the excess, or a portion of it, in the shape of periodical Bonuses, it gives from the first as large an assurance as the Premiums will with safety bear—reserving the Whole Surplus for those Members who have lived long enough to secure the common fund from loss on account of their individual Assurances.

A policy of £1200 to £1250 may thus at most ages be had from the first for the Premium elsewhere charged to assure £1000 only; while the effect of *reserving* the surplus has been, that Policies originally for £1000, which have shared at the three septennial Investigations, have already been increased to £1400, £1600, and even in some cases to £1800.

ITS TERMS are therefore well calculated to meet the requirements of intending Assurers. They are specially adapted to the case of Provisions under Family Settlements or otherwise, where it is important to secure, for the smallest present outlay, a competent provision, of definite amount, in the case of early death.

It has taken a leading part in the Removal of RESTRICTIONS and GROUNDS OF CHALLENGE. The Rule was adopted in 1849 that error in the original statements did not involve forfeiture unless "fraudulent as well as untrue."

Foreign Residence and Travel.—Members (not seafaring men) are free to reside in any part of the World to the north of 35° N.—excluding Asia—and to the south of 30° S. Licences for places beyond the free limits are given on favourable terms; and when an extra is charged it has the advantage, according to the equitable principle of the Office, of bringing the Assured sooner to share in Profits.

Examples of Annual Premium for Assurance of £100 at Death (with Profits).

PAYABLE DURING LIFE.	£1 18 0	2 1 6	2 6 10	2 14 9	3 5 9	4 1 7
LIMITED TO 21 YEARS.	£2 12 6	2 15 4	3 0 2	3 7 5	3 17 6	4 12 1

Thus a person of 30 may secure £1000 at death, with Profits, for a yearly premium of £20 15s., which in the other Scottish Mutual Offices would assure £800 only.

Or, if unwilling to burden himself with payments during the whole of life, he may secure a Policy for £1000 (with Profits) for a Premium of £27 13s. 4d., limited to twenty-one payments, being nearly the same as most Offices require during the whole of life.

THE RATES TO CEASE AFTER 7, 14, OR OTHER NUMBER OF YEARS MAY BE HAD.

FINANCIAL POSITION AS SHOWN BY STATISTICS.

By the publication of the "British Life Insurance Chart, 1871," compiled by W. White, Esq., F.S.S. (C. & E. Layton, Fleet Street), the Directors are enabled to give an analysis of facts, showing from authentic sources the high position which the Institution occupies among the Assurance Offices of the kingdom, not merely in extent of business, but even more markedly in the growth of its resources.

The New Business of 1871 was £713,045, in 1324 Policies. Subsisting Assurances about Seven Million Six Hundred and Sixty Thousand. Annual Revenue exceeds £297,000. Accumulated Fund arising entirely from Premiums, above £1,902,000.

LIFE INSURANCE.

The Premiums received in 1871 were £272,948, and the Annuities payable in 1872 amount to £60,722. The Fund accumulated to meet these Liabilities is £2,410,933.

The following are a few of the advantages attaching to the Life Policies of this Company:—

Moderate Rates of Premium for all descriptions of Insurance.

Fixed Bonuses guaranteed by the numerous proprietary of an unlimited Company.

Whole world leave granted on reasonable terms.

Policies held as securities are not considered void by this Office, although the Assured should leave the prescribed limits, provided the holder informs the Office as soon as it comes to his knowledge, and pays the adequate extra premium.

Claims are payable Thirty Days after admission.

THE ANNUITY Rates are extremely liberal, and every facility given to purchasers as to place and time of payment.

CLAIMS UNDER POLICIES have at all times been properly adjusted and paid, and in the course of Thirty-five Years have exceeded NINE AND A HALF MILLIONS STERLING. This test, and the present revenue, are conclusive evidence of the satisfactory way in which the business of the Company is conducted.

will (for a small present expenditure) secure to all, and especially to persons setting out in life, freedom from the fear of one of the frequent consequences of premature death—the pecuniary embarrassment of dependent relatives. At the same time it proves to be a paying Investment for those who attain average or even extreme longevity.

It is very important that those who purpose availing themselves of the advantages offered by Life Assurance, should make a thorough examination of the real position and prospects of the Office inviting their confidence, keeping in view the two main points for consideration:—

**Unquestionable Security, and
As large Profits as the System of Life

For surrender of Policies of the ordinary class, after three years' endurance, a liberal return of Premiums, according to a fixed rule, is *guaranteed*, besides the value of vested Bonuses where such have been declared.

DISTINGUISHING FEATURES.

THE POSITIVE system imparts to Life Assurance original and important advantages, without disturbing the sound principles on which the science rests. The leading features consist of—

1. Undertaking Life Assurance business only.
2. The adoption of the National English Life Table, constructed for the Government, as the basis of the Rates of Premiums charged.
3. Forty per cent. of all Premiums received on Positive Life Assurances are regarded as "Deposits," as by an ordinary bank they are the property of the Assured. He may withdraw them at any time, on Three Days' notice, either as a Loan at 5 per cent., or as the Surrender Value of the Positive Note, without forfeiting the balance of the Sum Assured, instead of being compelled to make Non-withdrawable Payments to the Office, as in ordinary Life Assurances.
4. The investment in Consols (in trustees' names) of all the Net Premiums for the sole purpose of providing for Assurances.
5. The investment in Consols of One Nominal Fifth of all Paid-up Capital as a Guarantee Fund to meet any fluctuations that might occur in the mortality of Lives Assured.
6. Securing the Assured a sum of money for each Premium paid, represented by a "Positive" fully paid-up Note "to Bearer," free from all conditions, negotiable like a bank note, securing the holder the amount for which it is drawn (which is proportionate to the number of payments) at Death, or 40 per cent. of the Premiums paid during the life of the assured, without forfeiting the balance of the Assurance.
7. Abolishing the restrictions of ordinary Life Assurance respecting Travelling, Foreign Residence, &c.
8. Enabling persons to assure for the benefit of families, or friends, *privately*, without mentioning Names in Wills, or in any other manner.
9. Exempting sums, payable under Positive Notes, from Probate, Legacy Duty, or other charges.
10. Neither Probate, nor Letters of Administration, are necessary to legalize the payment of Positive Notes.

AGENCIES.

Applications for Public or Private Agencies are invited. The Terms are liberal, and such as admit of energetic parties realising handsome pecuniary returns for time devoted to the interests of the Company. Address to

Members are entitled to withdraw temporarily three-fourths of their Funds at Five per cent. Interest, and they can withdraw absolutely from the Association on giving Two Months' notice, or a shorter period with the consent of the Directors.

By means of this Association a Member has every facility for becoming proprietor of his own Dwelling-house by a scale of repayments slightly in excess of the annual rent, as shown in the following illustration:—

Suppose A. B. to be tenant of a house, for which he pays a rent of £55. The price of the house is £600 which amount he obtains from the Clydesdale Heritable Investment Association, on the 16 years' scale. From the table it will be seen that the annual instalment amounts to £55 17s. 6d. per annum; to this must be added the feu duty, &c., say £5 2s. 6d., amounting in all to £61 stg. per annum. During the period A. B. is paying off the loan he has no rent to pay, as he is his own landlord, and at the end of 16 years he will be the proprietor of a house worth £600, and this too by a payment of only £6 per annum more than the rent previously paid the landlord. A house costing a smaller or a larger sum in like proportion.

Copies of the Rules and further information may be obtained at the Office of the Association.

BONUSES FROM PROFITS.

ASSURERS have the choice of two separate classes of Assurance—distinctive mainly in the systems of allocating the Profits, and which in several respects are peculiar to the LIFE ASSOCIATION. Thus:—

The Expense of Life Assurance is much diminished by the Bonus System in
CLASS A.

The Cash Bonuses are allocated every year to Policy-holders of five years' standing who have paid six years' premiums, and are applied in part payment of the next due premiums. The Bonuses thus virtually become

A Life Annuity to the Policy-holder.

The Original Outlay required for a Policy has thereby, after the sixth year's payment, been reduced to 25, 30, or 37½ per cent. less than the usual amount, according to the dates of the Policies.

This very Important Saving

to the Policy-holder in no way affects the Sum Assured, and he is thus enabled to take a considerably larger Assurance at first than he would otherwise adopt; or, if he continue eligible, he may afterwards, by means of the Cash Bonuses, effect Additional Assurances.

The Bonus in any year may, of course, be greater or less than formerly, or it may be of the same amount as in past years.

In CLASS B the BONUSES are ADDITIONS to the Sums Assured, and available as a
PROVISION FOR OLD AGE.

The System, it is believed, is peculiar to the LIFE ASSOCIATION OF SCOTLAND, and the results are such, that instead of being an Expense and Burden, the Assurance becomes a source of

Income to the Policy-holder

in the after-period of his life, the Sum Assured remaining untouched for payment at death to his representatives.

The PROFITS are allocated every five years in the form of Additions to the Sums Assured. Further, they are not frittered away in the usual comparatively small Bonuses to all the Assured, whether dying early or late, but are reserved for those who do not die before the average period. At each of the Divisions of Profits in 1865 and 1870, the Bonus declared for every year's premium paid on a Policy was £4 per £100, or £40 per £1000, and payable with the Sum Assured, in the event of the Policy-holder attaining the average period of persons of the same age. Further, the Bonuses may be exchanged at the average period of life for a Cash Payment or a Life Annuity to the Policy-holder himself—the Sum Assured, as well as future Bonuses, remaining intact.

NON-FORFEITABLE PREMIUM SYSTEM,

(Which this Institution was the first to introduce into this Country).

By this plan the whole Sum Assured is payable at the death of the person named, whenever it may happen, but the premiums are payable only during 10, 15, 20, or 30 years (as may be agreed on), if he live so long.

Further, should the Policy-holder discontinue the Assurance at any time after two payments, he will receive, in exchange, a Paid-up Policy for as many 10ths, 15ths, 20ths, or 30ths of the original Policy as he has paid premiums. The great advantages of this system are obvious. By each payment (after the first), the Policy-holder secures unfaillingly and finally a proportionate part of the Policy, whether or not he elect to go on with the remaining payments. He is thus completely protected against loss of Premiums if, from omission, inability, or any other cause, he discontinue the payments for his Policy. Such Policies are therefore unusually valuable, and when taken in Class B, in which there are no restrictions as to occupation or residence, they are really Absolute Bonds for the Sums Assured payable on death—not liable, like ordinary Assurances, to be lost or affected by any act or omission, or by the manner or cause of death.

PROSPECTUSES will be forwarded on application, also the ANNUAL REPORT, with Revenue Account, Balance Sheet, and Details of Funds, &c., as deposited with the "Board of Trade."

TO MINISTERS OF RELIGION.—The Directors of the ARK ASSURANCE SOCIETY OF SCOTLAND, call the special attention of Ministers of Religion to this Office, the Assurance of their Lives being one of its most important features.

It is a well established fact in Life Statistics that, as a body, Ministers of Religion have a marked superiority in duration of Life, and the Directors of the ARK ASSURANCE SOCIETY OF SCOTLAND have had Special Tables computed by one of the most eminent Actuaries of the day, for the Insurance of their Lives, on terms much lower than can be accorded to the public at large.

Prospectuses, Forms of Application, and all other particulars, may be obtained on application to the General Manager.

Applications for Agencies are invited from Gentlemen for Towns where the Society is not at present represented.

GEORGE SMYTHE, *General Manager*.

GLASGOW COFFEE ROASTING WORKS

AND

GENERAL GRINDING MILLS, GRÆME STREET.

D. MINTO

DESIRES to intimate that he has now erected those new and extensive premises upon the old site of ground, Macpherson Street, with a frontage to that street, recently formed, called Græme Street, and has fitted up additional new Mills and Machines of different kinds, with every improvement, in order to facilitate the operations of his trade in its various branches. And while it has been his constant aim to supply the wants of his customers with all speed and convenience, he has much pleasure in stating that he is now in a better position than ever to meet the demands of Grocers, Confectioners, Biscuit Manufacturers, Druggists, Dyers, Drysalts, &c., with all the appliances which his new machinery can afford.

GLASGOW, Græme Street, May, 1872.

THE COFFEE PLANT, "*Coffea Arabica*" of Linnæus, is an evergreen, and, as may be inferred from its scientific name, is a native of Arabia. It produces a pulpy berry about the size of a small cherry, inclosing two seeds, which, separated from their pulpy envelope, form the well known Coffee beans of commerce. It may be remarked as a singular fact, in reference to Coffee, that while all of the vegetable kingdom that have been taken under the care of man have been improved, it alone asserts its independence; for, although cultivation may greatly enlarge the crop, it as certainly at the same time deteriorates the flavour, and the produce of the wild plant still maintains the highest figure in the market. It is well known that Coffee would be of no real value were it not properly roasted—a process which, as it requires much skill, is only to be acquired by experience. How man became acquainted with the fact that the tasteless seeds of a berry, when roasted, ground, and infused, would form a grateful beverage, will most probably remain a secret to the end of time. That the development of its useful properties depends wholly upon the roasting, is evident. About two hundred years ago Coffee was first introduced into England, since which its consumption has steadily increased, and deservedly so, when its medical properties are considered, it having been found useful in headaches arising from a particular state of the stomach, and much benefit having been derived from its exhibition in cases of asthma.

A French scientific gentleman, who has directed his attention to this subject, says:—"I have found that Coffee is better roasted, and more of the aroma retained, when a double cylinder is used—the air between the interior and exterior cylinders acting as a non-conductor of heat. It is done more uniformly, while the essential oil on which the aroma depends is less liable to be dispersed than when exposed to the fierce heat of a fire in a single cylinder."

In the double rotatory globular method of roasting as practised at Mr. MINTO'S Works, Græme Street, Glasgow, the above principle is acted upon, inasmuch as the globe (which has superseded the cylinder since the application of steam-power to this branch) revolves in a medium of heated air, which, experience has shown, best prevents the dispersion of the essential oil, or aroma.

MR. J. WALLACE, Surgeon-Dentist, 22 Dundas Street, Glasgow, has recently introduced the use of Nitrous Oxide. Yesterday, per invitation, we were present when Mr. Wallace extracted two teeth from a lady patient. The process, from beginning to inhale the gas till the teeth were out, occupied only 1 minute 45 seconds. The lady recovered immediate consciousness, and, on asking if only one tooth had been drawn, she was agreeably surprised when told that both of her cutting ivories were gone. She described her sensation during the operation as a pleasing confused dream."—*Evening Citizen.*

"The Nitrous Oxide produces none of the dangerous effects of chloroform. The weakest patient can rise and walk immediately on awaking from the sleep which it causes. To us, the time spent in the operation seemed to have been many hours; but it really lasted no longer than a minute and a half. Twenty seconds generally suffice for the gas to cause insensibility, counting from the first inspiration; and the dentist has ample time to perform his work before the patient awakes."—*Daily Express.*

# THE STANDARD LIFE ASSURANCE COMPANY.

THIS COMPANY was established at Edinburgh in 1825. The Acts of Parliament 2nd and 3rd Gul. IV. cap. 81, and 8th and 9th Vict. cap. 75, also the 22nd and 23rd Vict. cap. 27, have been granted for the purpose of its constitution and for the regulation of its affairs. It has been conducted with much success, which may be attributed not only to its extensive and influential connections, but more particularly to the liberality of its dealings, and to the constant attention paid by the Directors to the adoption of improvements and facilities in connection with the contract of Life Assurance.

## ANNUAL REPORT, 1872.

THE FORTY-SIXTH ANNUAL GENERAL MEETING of the Company was held in Edinburgh on Tuesday the 30th of April 1872—T. GRAHAM MURRAY, Esq., W.S., in the Chair.

The following results were communicated in the Report:—

The REVENUE ACCOUNT and BALANCE SHEET, prepared and certified in accordance with the Life Assurance Companies Act, 33 and 34 Vict. cap. 61, can be obtained by application at the Company's Offices or Agencies.

The REPORT by the Board of Directors was unanimously approved of.

The CHAIRMAN then addressed the Meeting. He said:

'The year following an Investigation and Division of Profits is always a trying one, as the Agents, and all connected with the Company, do not set to work to get new business until the Bonus has been declared, which does not generally take place until the middle of the year following the date as at which the division is made.

'In these circumstances, and keeping further in view that the energies of all the Company's connections have been somewhat exhausted during the year preceding the division of profits, when there is a peculiar inducement to proposers to come forward,—on all these grounds, the year following a Bonus year may fairly be expected to show less favourable results than those of its predecessors or successors.

'The Directors are accordingly the more gratified to be able to state that the business of the past year has quite come up to their fullest expectation. They are always satisfied when One Million of new business is the result of the year's operations; and on this occasion that amount has been exceeded, the New Assurances effected reaching the large sum of £1,041,097 5s., selected from proposals not far short of One Million three hundred thousand.

'This is one point of congratulation in connection with the transactions of the past year. In all other respects the year has been an ordinary one, not marked by any special feature. The claims paid, including Bonus additions, have amounted to upwards of £400,000, making somewhat more than £1300 paid for each business day; and it will still further impress on you the magnitude of our duties in this respect, when I mention that during the last six years we have paid upwards of Two Millions sterling in claims alone.

'Indeed the payment of claims has become a most important department of the Company's business—as much so nearly, I may say, as the transacting of new assurances, and requiring at the same time very special attention. The Directors regard it of the greatest importance to settle all claims with as much ease and rapidity as possible, and they can well appeal to their public character for liberality in this respect.

'The Investment of the Company's Funds engages the anxious attention of the Board, and they consider a periodical scrutiny of their Investments to be one of their most important duties. Such a scrutiny was made last year with reference to the Division of Profits, and was highly satisfactory, as shown in the Report submitted at the time. I myself can state personally my full satisfaction with the attention paid to this important branch of the Company's business.

'The new form in which the Company's accounts are now published, in accordance with the Act of Parliament for the regulation of Assurance Companies, shows very distinctly the progress and position of the business; and the published accounts of Revenue and Expenditure, and of Liabilities and Assets, the Directors consider of very great importance both to the Offices and to the public bringing, as they do, into one form all the transactions of the different Companies.

'The Directors have nothing to report as to the extension of the Company's Agency arrangements, beyond the opening of a Branch in Manchester under the charge of Mr. Hudson, who has been for many years one of the Company's Inspectors. The Directors have no doubt that this arrangement will prove highly conducive to the Company's interests. In the Colonial Department the Company's Calcutta Branch has been placed on an extended footing, so as to be more in keeping with the growing importance of the Company's business in that quarter of the world.

## THE STANDARD LIFE ASSURANCE COMPANY—*Continued.*

'The Division of Profits last year, when the large sum of £331,591 18s. was divided among the Policy-holders, has given general satisfaction. Assurance Policy-holders are not easily satisfied in this respect, and the undue pressure for bonus is a point on which the public err. The Directors do their best to give all interested in the business the fullest advantages from it; and although some may think that the Company might divide a larger amount of surplus, the Directors are not inclined to increase the Company's popularity in this way by making encroachment on their resources.

'The only other point on which I wish to say a few words is as to the important advantages which the Company offers to assurers in connection with the contract of assurance. The STANDARD was the first to liberalize the contract, and I think it is quite right they should have the credit of it. I recollect, not very long ago, when a Life Policy was so fenced about with conditions, that it was a somewhat difficult thing for the life assured to steer clear of a forfeiture.

'Among the causes of forfeiture were—

'Residence beyond the limits of Europe; or, in some cases, beyond Great Britain.

'Crossing the Channel, except to ports between the Texel and Brest, or some similar limits.

'Non-payment of the annual premium for more than 15 days.

'Death by Suicide, Duelling, or the Hands of Justice.

'An error in statement, connected with the original proposal for assurance, even though accidental or unintentional.

'All these were causes of forfeiture.

'Further, many Offices allowed no surrender value if the Policy was dropped from any cause.

'HOW STANDS THE CASE NOW?—owing in a great measure to the example of Liberality set by the STANDARD.

'Our conditions are—

'Residence allowed in any part of the world, in the case of professional men and others, who, having no intention of proceeding abroad when they took out their Policies, have occasion afterwards to do so, a free Policy having been obtained.

'Residence allowed to all Policy-holders in any part of Europe, and in various other parts of the world, with moderate extra premium for residence beyond the limit of temperate climates.

'Thirty days allowed for the payment of the renewal premium in all cases, and Thirteen months altogether under Policies of five years' standing, without medical certificate, on payment of a fine; and if a claim arises within these thirteen months, it is the Company's practice to pay the amount under deduction of the unpaid premiums and fines. After the thirteen months the Policy is forfeited, but the surrender value remains available for five years, as explained in the Company's prospectus. Policies of less than five years' standing may also be renewed after the expiry of thirty days on liberal conditions.

'The clauses as to death by Suicide, Duelling, and the Hands of Justice have been expunged.

'Surrender values of Policies are guaranteed at a certain amount, varying according to class, duration, etc., thus:

'In the case of Home Policies with profits, the rate of surrender value is from 30 to 40 per cent. on the amount of premiums paid, according to the age of the assured and duration of the Policy, in the case of Policies on which three or more premiums have been paid; 25 per cent. for Policies of less duration. These values are exclusive of the values of Bonus additions.

'In the case of Home Policies without profits, from 20 to 40 per cent. is allowed after three premiums have been paid.

'In the case of Colonial Policies the surrender values are liberal, being specially arranged with reference to class and climate.

'Finally, a STANDARD Policy is unchallengeable on any ground whatever connected with the original documents on which the assurance was effected after it has existed for five years, without application, subject to age having been proved. In the case of Policies of less than five years' standing, that period must elapse before they become indisputable.

'These are most important concessions, and I do not think they are fully known to Solicitors and others in arranging marriage contracts and other onerous deeds with which Policies are connected. What a difference it makes in the security afforded when all these privileges are guaranteed! I do not know any Assurance Contract more secure than a STANDARD Policy.

By Order of the Directors,

WILL. THOS. THOMSON, *Manager.*

## THE WAVERLEY HYDROPATHIC ESTABLISHMENT

Has been constructed with special reference to the requirements of Delicate Patients in winter, supplying them with a substitute for a Continental residence. A summer-heat temperature is maintained in all parts of the premises by means of Clark's Heating Apparatus and three Turkish Baths. Extensive provision has been made for Indoor Exercise and Amusement, in large Hall, Billiard Room, specious Dining and Drawing Rooms, and long Corridors, well lighted and warmed.

*The WAVERLEY was Opened for Visitors and Residents in July 1871. For a description of the House, and its local surroundings, see quotations from a few of the Newspaper reports at that time:—*

*From the SCOTSMAN.*

The Waverley Hydropathic Institution, on Skirmish Hill, a mile west from Melrose, and about a mile and a half from Abbotsford. A better site for such an establishment could not have been secured, whether the associations of the district, the beauty of the scenery or the healthiness of the place are considered. It commands a fine view of the course of the Tweed for

three miles east from Melrose, as far as Leaderfoot Viaduct, the view being closed by the hills of Bemersyde in the distance. The Eildons lie to the south and west, and on the remaining sides the landscape is bounded by the hills enclosing the valleys of the Tweed and Gala. The Skirmish Hill is a plateau of high ground in the centre of a large basin, surrounded nearly on all sides by a circle of moderately high hills, near enough to moderate the force of air currents. The house forms a square of about 140 feet on the side, with a court in the centre. The front elevation to the south is in the old English style, with projections, and relieved by a central tower 75 feet high. The public and private rooms, numbering about 130, are elegant, commodious, and comfortable; and the drawing and dining rooms are fitted up with much taste. The baths are on the most approved principle, and there is provision made for an abundant supply of water. There is ready communication with all parts of the house by telegraph on Grenet's system. Outside, the recreation grounds are most ample, extending to 38 acres, and give access to over three-quarters of a mile of the river Tweed. For amusement, there are croquet and bowling grounds; and attached are coach-houses and stabling, for accommodation of visitors.

*From the KELSO CHRONICLE.*

VISITORS to Melrose, and travellers by the North British Railway, must have noticed the gradual growth of a stately edifice about a mile to the north of Melrose. This is the Waverley Hydropathic Establishment, a noble and stately building, which is destined, we trust, to form a sanatorium for the south of Scotland, as well as to many from remote parts of the country. The situation is exceedingly suitable for such an institution. It is dry and airy, but well sheltered from the prevailing westerly winds. It commands a splendid view to the south and east, including the romantic three-peaked Eildon Hills, and some beautiful stretches of the river Tweed, the valley of which lies open as far as Leaderfoot, and the view is bounded by the heights of Bemersyde. The site of the building is the well-known Skirmish Hill, where was fought one of the last Border frays of the district.

*From the BORDER ADVERTISER.*

WAVERLEY Hydropathic Establishment is situated about one mile west of Melrose, and one and a-half east from Abbotsford, on a plateau which gives the building a commanding view of one of the loveliest portions of Tweeddale, while the adjacent hills shelter it from storms, without approaching too near to confine it. The heights of Eildon, and the lower ones falling into the Rhymer's Glen—one of Sir Walter Scott's most favourite walks—bound the view to the south; eastward the view lies over the Tweed, with Melrose in the foreground—richly cultured and well-wooded grounds on the level, orchards and wooded slopes running more than half way up the hills, with Bemersyde hill forming the sky-line four miles distant. This includes one portion of the Tweed which Scott never passed without directing his carriage to be stopped, that he might look down upon the beautiful bend on which Old Melrose stands. These four miles of district are crammed with historic and literary associations, and the Roman footstep is deeply stamped upon it. Looking up the vale of Tweed, towards the west, the eye runs along the wooded heights of Abbotsford, which was the Magician's transformation out of heathy moorland. Every outline suggests the working of that marvellous mind which beautified all it touched—whether the rugged borderer of the olden times, or these hills on which he laboured so long and so lovingly. On the other side of the valley are the Pavilion and Langlee estates, separated by Allyne Water, Fairy Dean, the locale of "The Monastery."

*From the SOUTHERN REPORTER.*

THE Waverley Hydropathic Establishment, Skirmish Hill. Possibly a better site for such an institution could not have been secured in Scotland—whether the beauty of the scenery, the historical and classic associations of the district, or the salubrity of the climate are considered. To the east lies the town of Melrose, and the long stretch of the Tweed winds through the valley until it is lost in the distance. Leaderfoot viaduct, with its nineteen arches, rising to a height of 130 feet above the river, and Bemersyde Hills close up the view to the east; the Eildons lie to the south; and round towards the west are the hills around and above Abbotsford, while to the west and north-west the hills of Twæddale and Gala water bound the horizon. The entire district teems with objects of natural beauty, while every spot on which the eye rests is associated with some incident of historic or classic interest—the ecclesiasticism and chivalry of the past, and the interest conferred by Scott in the present. Tweed glides past so near that one listens to catch the murmur of the waters, but here the spirit of the river seems to be at rest, or listening, like yourself, for the chants from the old Abbey, and so hushes its voice until it is broken by the rush of the waters over Melrose cauld. The salubrity of the district is well known, and the site of the institution is happily chosen. The situation is open and airy, at a sufficient distance from the hills to command the full sweep of the sun, and near enough to have the protection of the hills from the wintry blasts.

NEW WORKS NOW PUBLISHING

BY

WILLIAM MACKENZIE.

THE ILLUSTRATED  
LIBRARY SHAKSPEARE.

The success which has attended the publication of "THE ILLUSTRATED FAMILY BURNS" and "THE ILLUSTRATED FAMILY MOORE," is gratifying as a proof that a very large class of the public fully appreciate high-class literature when produced in the best style and at a reasonable price. These two works have placed within the reach of thousands, in an elegant form, the compositions of the best representatives of the lyrical poetry of SCOTLAND and of IRELAND: their success emboldens the publisher to attempt the representation of the poetry of ENGLAND likewise. One name presents itself without a rival—unapproachably removed from all others by his genius, the poet not of England only, but of all humanity—the IMMORTAL SHAKSPEARE. Next to the English translation of the Bible in the same age, the works of Shakspeare is the greatest English classic. The thoughts, the language, the phraseology, the very words of both, are transfused into the mind and speech of England and assimilated into its nature, and give our language a fixedness and immortality as surely as the Epics of Homer have made Greek imperishable.

To produce, then, an edition of the dramatic works of Shakspeare worthy of the age, is the ambition of the publisher. With this view he proposes to undertake THE ILLUSTRATED LIBRARY SHAKSPEARE, which will be published in about Thirty Parts at 2s. each, printed in a clear type on fine toned paper, royal 4to size. Each Part will contain Forty pages Letterpress, profusely illustrated with Wood Engravings in the text, and Two page Plates, one of which will be beautifully executed in colours.. The work may also be had in Eight Divisions, cloth extra, gilt edges, price 10s. 6d. each.

THE NEW

PRACTICAL GARDENER,

AND

MODERN HORTICULTURIST.

EDITED BY JAMES ANDERSON,

BATEMAN GOLD MEDALLIST OF THE ROYAL HORTICULTURAL SOCIETY.

The rapid progress which Horticulture has made within the last few years, and the numerous discoveries which have taken place in every department of that interesting and important art, have surprised even those most intimately acquainted with it, and gone far to supersede the information presented in all former treatises on the subject. To meet an acknowledged and imperative public want in regard to this most useful and delightful pursuit, "THE NEW PRACTICAL GARDENER AND MODERN HORTICULTURIST" has been issued.

The Work will be completed in Sixteen Parts, at 2s. each, forming one handsome volume, illustrated by beautifully Coloured Engravings of choice Flowers and Fruits, numerous woodcuts of horticultural implements, designs for laying out and arranging Gardens, Parterres, Trees, Walls, Fences, Hot-houses, Conservatories, &c. Each 2s. Part will contain Two Coloured Plates and 64 pages of letterpress, Imperial 8vo.

EXAMPLES  
OF THE

MUNICIPAL, COMMERCIAL, & STREET ARCHITECTURE  
OF  
FRANCE AND ITALY.

By R. ANDERSON, ARCHITECT.

During the last few years several valuable and useful volumes of Continental Sketches have been published, but as these have been almost exclusively devoted to Ecclesiastical Architecture, the Author proposes to confine the present one entirely to Secular. As far as the Author is aware, no similar work has as yet appeared in England; and, with a few exceptions, none of the illustrations given in the volume have ever been published in the state of completeness in which they will now be given.

The volume will consist of 102 Plates, fifty-one of which will be devoted to France and fifty-one to Italy, with descriptive Letterpress. It will be published in Six Bi-Monthly Divisions, in neat portfolio, price 11s. each. It may also be had in Twenty-six Parts, at 2s. 6d. each.
